**RESPONSE AFTER FINAL**

Dear Sir:

In response to the Office communication mailed March 20, 2006, applicant wishes to make the following comments:

REMARKS

Examiner Bui concedes that Ming-Hui does not suggest the present invention as recited in the claims. The Examiner then attempts to rely upon Schremmer to rectify the conceded deficiencies. Examiner Bui contends:

Schremmer further discloses a printed circuit board being mounted within two shells and two extension covers (figure 1).

It is respectfully requested that Examiner Bui identify where Schremmer discloses:

- 1) two shells,
- 2) two extension covers, or
- 3) a printed circuit mounted within two shells and two extension covers.

In particular, Schremmer discloses part 13 made of one piece and not two, part 14 made of one part, not two, and a printed circuit board received in only part 13 and not part 14. Therefore, it should be appreciated that the structure of Schremmer is of a different type than the present
